

Achievement Standards – Year 1

ENGLISH

Receptive modes

By the end of Year 1, students understand the different purposes of texts. They make connections to personal experience when explaining characters and main events in short texts. They identify that texts serve different purposes and that this affects how they are organised. They describe characters, settings and events in different types of literature.

Students read aloud, with developing fluency. They read short texts with some unfamiliar vocabulary, simple and compound sentences and supportive images. When reading, they use knowledge of the relationship between sounds and letters, high-frequency words, sentence boundary punctuation and directionality to make meaning. They recall key ideas and recognise literal and implied meaning in texts. They listen to others when taking part in conversations, using appropriate language features and interaction skills.

Productive modes

Students understand how characters in texts are developed and give reasons for personal preferences. They create texts that show understanding of the connection between writing, speech and images.

They create short texts for a small range of purposes. They interact in pair, group and class discussions, taking turns when responding. They make short presentations on familiar topics. When writing, students provide details about ideas or events, and details about the participants in those events. They accurately spell high-frequency words and words with regular spelling patterns. They use capital letters and full stops and correctly form all upper- and lower-case letters.

MATHEMATICS

By the end of Year 1, students describe number sequences resulting from skip counting by 2s, 5s and 10s. They identify representations of one half. They recognise Australian coins according to their value. Students explain time durations. They describe two-dimensional shapes and three-dimensional objects. Students describe data displays.

Students count to and from 100 and locate numbers on a number line. They carry out simple additions and subtractions using counting strategies. They partition numbers using place value. They continue simple patterns involving numbers and objects. Students order objects based on lengths and capacities using informal units. They tell time to the half-hour. They use the language of direction to move from place to place. Students classify outcomes of simple familiar events. They collect data by asking questions, draw simple data displays and make simple inferences.

HPE

By the end of Year 2, students describe changes that occur as they grow older. They recognise how strengths and achievements contribute to identities. They identify how emotional responses impact on others' feelings. They examine messages related to health decisions and describe how to keep themselves and others healthy, safe and physically active. They identify areas where they can be active and how the body reacts to different physical activities.

Students demonstrate positive ways to interact with others. They select and apply strategies to keep themselves healthy and safe and are able to ask for help with tasks or problems. They demonstrate fundamental movement skills in a variety of movement sequences and situations and test alternatives to solve movement challenges. They perform movement sequences that incorporate the elements of movement.

THE ARTS

Drama

By the end of Year 2, students describe what happens in drama they make, perform and view. They identify some elements in drama and describe where and why there is drama.

Students make and present drama using the elements of role, situation and focus in dramatic play and improvisation.

Visual Arts

By the end of Year 2, students describe artworks they make and view and where and why artworks are made and presented.

Students make artworks in different forms to express their ideas, observations and imagination, using different techniques and processes.
